The price list above is valid from 1st August 2023
until a new one is issued.

Additional information

If you have had a check-up or examination as a private patient (your health insurance company and My Clinic have not signed a contract for the given specialization), you may also have to pay for subsequent examinations at external facilities (for example, magnetic resonance, lab tests) and prescription medications. You can obtain information regarding specific terms and prices of subsequent examinations at our reception or by calling our client line.

If you undergo a separate examination by a doctor prior to vaccination, the price of this examination is CZK 650. You can obtain information about the prices of other specialized examinations that are not including in this price list (for example, an ECG or blood pressure monitor, pre-surgery examinations, psychotherapy, etc.) at our reception or by calling our client line. My Clinic has contracts with the following health insurance companies for the following specializations: VZP for general and internal medicine, paediatrics, gynaecology, allergology, diabetology, dermatology, surgery, and algesiology; OZP for general and internal medicine, paediatrics, gynaecology, allergology, diabetology, surgery, and algesiology; ZPMV for general and internal medicine, paediatrics, diabetology, dermatology, surgery, and algesiology; VoZP for general and internal medicine, paediatrics, allergology, diabetology, surgery, and algesiology; ZPS for general and internal medicine, paediatrics, gynaecology, allergology, dermatology, and algesiology; and RBP for general and internal medicine, paediatrics, gynaecology, and dermatology.

For further information contact our client line.
